

TCS NQT PYQ QUESTIONS

Company: TCS NQT

Round: Online

Year: 2025

Difficulty: Easy to Medium-Hard

Topic: Series and Patterns

Source: <https://bharatnqt.com/tcs-nqt-previous-year-questions/>

Problem Description:

Find the next number in the following series:

3, 7, 13, 21, 31, ?

Options:

A) 43

B) 41

C) 45

D) 49

Correct Answer:

A) 43

Approach to Solve This Problem:

STEP 1:

Find the differences

$$7 - 3 = 4$$

$$13 - 7 = 6$$

$$21 - 13 = 8$$

$$31 - 21 = 10$$

So, the differences are:

4, 6, 8, 10

STEP 2:

Identify the pattern

The differences are increasing by 2 each time:

$$4 \rightarrow 6 \rightarrow 8 \rightarrow 10 \rightarrow 12$$

Therefore, the next difference is 12.

Step 3: Find the next number

$$31 + 12 = 43$$
